

Week		October 11, 2021	October 15, 2021
Monday	TEKS: 8.3B-C, 8.5D TLW: distinguish between elements and compounds. TLW calculate the number of atoms of each element in a compound. TLW model compounds and determine model limitations.	Thursday	FAIR HOLIDAY
Tuesday	TEKS: 8.3B-C, 8.5D TLW: distinguish between elements and compounds. TLW calculate the number of atoms of each element in a compound. TLW model compounds and determine model limitations.	Friday	FAIR HOLIDAY
Wednesday	TEKS: 8.3B-C, 8.5D TLW: distinguish between subscripts and coefficients in chemical formulas and in calculating the number of atoms in compounds. TLW identify the parts of a chemical equation.	Saturday	GRADED ASSIGNMENT: WEEKLY WARM-UP
