

# Brazos Elementary Peek of the Week

5th  
Grade

January 10-14, 2022

Monday	Tuesday	Wednesday	Thursday	Friday
Week 9 test review for homework-Due Friday			Science test over the formation of fossil fuels and sedimentary rock.	UNIT 5 MATH VOCAB TEST Reading Ready Test Spelling Test Week 9 Social Studies Test

RLA	Students will be working on making inferences and using evidence to support their understanding. Students will continue practicing reading and responding to paired passages. This week we will have a spelling test, I have listed the words in the announcement section of the newsletter.
Math	Students will solve mathematical equations using Order of operations. Students will be introduced to this by learning PEMDAS.
Science	Students will continue to explore how fossil fuels and sedimentary rock are formed. They will review for the test on Wednesday.
SS	Students will complete their study of the week 9 Social Studies, complete the test review for homework and take the test on Friday.
