

Date: September 4-September 8, 2023

Subject: 8 Science Teacher: Vykukal

Week:4

| Monday  | Thursday                                     |
|---|--|
| Labor Day Holiday                             | TEKS-8.5B                                    |
|   |  |
|   | TLW-continue relationship over protons and   |
|   | elctrons                                     |
|   |  |
|   |  |
|   |  |
|   |  |
|   |  |
|   |  |
| Tuesday                                       | Friday                                       |
| TEKS-8.5B                                     | TEKS-8.5B                                    |
| TLW-complete pre-assessment and new           | TLW-complete vocab quiz, progress monitoring |
| vocabulary over protons and electrons         | and reading science                          |
| Students will also read in their StemScopedia | Graded Assignment-vocab quiz                 |
| books.  |  |
|   |  |
|   |  |
|   |  |
|   |  |
|   |  |
|   |  |
| Wednesday                                     |  |
| TEKS-8.5B                                     |  |
| TLW-discuss the relationship between protons  |  |
| and electrons within the atom                 |  |
|   |  |
|   |  |
|   |  |
