Brazos ISD Vision & Goals

Vision

Brazos ISD inspires each student to become a productive citizen who demonstrates leadership, passion, and self-reliability.
We foster a culture of respect, community, perseverance, and achievement.

Goal #1 Brazos ISD will create a culture of achievement and success.

Indicators of Success:

School culture will be addressed through teacher staff development

School culture will be addressed through recognition of achievement and success.

Student participation in extracurricular activities will increase.

Opportunities to increase the number of extra-curricular activities will be explored.

Goal #2 Brazos ISD will engage parents in supporting the educational process.

Indicators of Success:

Increase parent involvement in support and booster organizations.

Engage parent participation in supporting learning at home.

Improve positive communication between teachers and parents.

Foster opportunities for parents and the community to volunteer at school.

Goal #3 Brazos ISD will strive to provide opportunities to incorporate technology throughout the district.

Indicators of Success:

Adequate technology for facilities to run more efficiently

Appropriate technology to allow BISS students to be prepared for the future

Provide technology for the faculty to enhance the teaching/learning process

Provide infrastructure to support all technology needs

No Child Left Behind Performance Goals

(These goals have not been updated by the U.S. Department of Education as of the 2015-2016 school year.)

Goal 1. By 2013-2014, all students will reach high standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.

Goal 2. All limited English proficient students will become proficient in English and reach high academic standards, at a minimum attaining proficiency or better in reading/language arts and mathematics.

Goal 3. By 2005-2006, all students will be taught by highly qualified teachers.

Goal 4. All students will be educated in learning environments that are safe, drug-free, and conducive to learning.

Goal 5. All students will graduate from high school.

10 COMPONENTS OF A TITLE I, PART A SCHOOLWIDE PROGRAM

A schoolwide program shall include the following:

1. A **comprehensive needs assessment** of the school that is based on the achievement of children in relation to the State academic content standards and the State student academic achievement standards.

❖ Content Standards = Texas Essential Knowledge and Skills (TEKS)

❖ Achievement Standards = STAAR & TAPR

2. **Schoolwide reform strategies** that:

- Provide opportunities for all children to meet the State's proficient and advanced levels of student academic achievement.
- Use effective methods and instructional strategies that are based on scientifically based research that address the needs of all children:
 - Strengthen the core academic program.
 - Increase the amount and quality of learning time such as providing an extended school year, summer program, and before- and after-school tutoring.
 - Enrich and accelerate the curriculum.
 - Include strategies for meeting the needs of historically underserved populations.
 - Address how the school will determine if such needs have been met.
 - Determine if the strategies are consistent with and designed to implement the District and Campus Improvement Plans.

3. Instruction by **highly qualified teachers and paraprofessionals**.

4. **High-quality and ongoing professional development** for teachers, principals, and paraprofessionals to enable all children to meet the State's student academic achievement standards.

5. **Campuses utilize strategies to attract and retain highly qualified staff**.

6. Strategies to increase **parental involvement**.

- Convene an annual meeting, at a convenient time, to inform parents of their school's participation and to explain the requirements of Title I, Part A and the rights of parents to be involved.
- Involve parents in an organized, on-going, and timely review and improvement of the program.
- Allow for regular and flexible meetings for parents and enable them to give input.
- Offer resources for parents that assist them with their effort to help their children achieve success
- Develop a school-parent compact that outlines how parents, staff, and students share the responsibility for improved academic achievement.

7. **Plans for assisting preschool children transition from early childhood programs**, such as Head Start, Even Start, Early Reading First, or a State-run preschool program, to local elementary school programs.

8. **Measures to include teachers in decisions regarding the use of academic assessments** that provide information to improve the achievement of individual students or the overall instructional program.

9. **Effective, timely additional assistance** to ensure that students' difficulties are identified and assistance is provided.

10. **Coordination and integration of Federal, State, and local services and programs** including violence prevention programs, housing programs, Head Start, adult education, vocational and technical education and job training.

Individual committee guiding questions and answers

Demographics:

Demographics Summary

Brazos Elementary School is located in Orchard, Texas which is 16 miles from Rosenberg, TX. Brazos Elementary serves students residing in both Wallis and Orchard. The school currently serves 343 students which is a decrease from the 2015-2016 school year, where there were 371 students, Brazos ISD is a 3A district. The demographics of Brazos Elementary were as follows for the 2015-2016 school year: African American 7.0%, Hispanic 52.6%, White 36.9%, American Indian 0.0%, Asian 0.5%, Pacific Islander 0.0%, Two or More Races 3.0%. English Language Learners 19.7% 12.5% 18.5% Special Education 6.7% & Mobility Rate (2014-15) 11.8%. 63.1% of the students are economically disadvantaged, which has increased from 57.3% the previous year. The attendance rate was 96.6%, and pretty consistent for the past three years. 19.7% of the student population are ELL. All ELL students claim Spanish as their native language.

Demographics Strengths

Campus demographics remain stable amongst the differing subpopulations of the school.

Brazos Elementary continues to work to hire bilingual and ESL certified teachers as our ELL population grows.

Demographics Needs

The decline in our student numbers from 2014-15 of 400 students to 379 in 2015-16 and now 343 in 2016-17, may be due to the lack of housing in the area as viable accommodations become more scarce as well as a decline in jobs for many parents causing them to move. Continuing to build relationships with community members that own rental properties and / or land to sell may assist in further community development for housing.

Brazos Elementary continued to see a decline in student enrollment as our most densely populated class (5th grade; 72 students) was promoted to the middle school for the 2016-17 school year and the enrolling class of kindergarten has 38 students.

Identification of Special Education students has increased to 4.5% in 2014-15, 4.7% in 2015-16, and 5.5% in 2016-17 of the student population.

Brazos Elementary continues to have an increase within our economically disadvantaged population.

Student Achievement:

Student Achievement Summary

Brazos Elementary Elementary has earned "Met Standard" for the last three years (2013-14, 2014-15, & 2015-16). In the Performance Index report for 2015, the Index 1 target was 60, we scored 70. The Student Progress target was 32, we scored a 38. The Closing Performance Gap target was 28, we scored 36. The Postsecondary Readiness target was 12, we scored 33.

Student Achievement Strengths

Student attendance for the last three years have been consistent with an average of 96%. Campus attendance is higher than the state average.

Students have access to MobyMax to practice all content areas at home and at school.

There are morning tutorials & homework help offered to all students.

The schedule is structured with rotations for intervention time built in the schedule. (ThinkThroughMath is a program we are utilizing for math, and I-Station for Reading).

1st & 2nd grade have instructional assistants in their reading block class to help with small group instruction.

Structured writing rubrics completed & tracked every 3 weeks

Math spiral reviews implemented

Student Achievement Needs

Student achievement needs at Brazos Elementary are as follows:

1. Teachers need to understand how to better meet the needs of low socio-economic students. An authority in that field has been contracted to provide instruction on changing the school climate and vision on how to build these relationships with our students (“Culturally Responsive Schools.”).
2. Writing continues to be a struggle but has seen an increase in scores on the STAAR test at Brazos Elementary, with a 50% passing rate on the 2014-15 test and 79.5% passing for 2015-2016. Students will be writing on topics assigned, and honing their skills within all content areas using academic vocabulary within the differing subjects. Students will be required to hand in a composition every three weeks that will be graded by one of their teachers and plotted using a rubric to showcase writing growth and determine students who are in need of additional intervention time. Also, now implementing Tracking Math - Spiral TEKS Review.
3. Differentiated instruction for G/T students, SPED, and all students will be a priority for teachers in their classrooms. Teachers will be providing plans for this instruction on their lesson plans. (PAW Time Rotations)
4. Small group reading: K-2, MobyMax

School Culture and Climate:

School Culture and Climate Summary

The Brazos ISD vision is to “inspire each student to become a productive citizen who demonstrates leadership, passion, and self-reliability. We foster a culture of respect, community, perseverance, and commitment. Brazos Elementary demonstrates this by providing a safe environment in which students can learn.

School Culture and Climate Strengths

The staff at Brazos Elementary has worked diligently this year to gain a better understanding of our clientele. Teachers work diligently to provide a safe environment, coupled with hard work and high expectations. Brazos Elementary with the assistance of outside community resources has been able to provide a snack to our PK, Kinder, and 1st grade students to maintain the focus on learning. In-School Suspensions have been diminished from 2014-15 to 2015-16. A Peer Assistance Leadership team of high school students have also come to assist in classrooms at the beginning part of the day offering mentorship opportunities to our younger students. After school tutorials were set up towards the end of 1st semester versus second semester to allow additional time for intervention. Students in need were provided school supplies from donations made by outside agencies.

School Culture and Climate Needs

Brazos Elementary will continue to work on how to manage students that are of a low socio-economic status and building teacher/students relationships. Adding additional playground equipment to rear of building would allow for our older students to have more to do. Currently there is a basketball court in the rear of the building and the students play with sports with balls that are provided through PTE funds. More surveys and parental involvement in those surveys would be beneficial in gaining furthered insights on community school perspective. Providing more family nights on the campus and extracurricular activities to further engage in school has also been a topic of discussion. Teachers greeting students at the door every morning.

Staff Quality, Recruitment, and Retention:

Staff Quality, Recruitment, and Retention Summary

Brazos Elementary is a small campus. Class sizes average 17 students per teacher. Due to our size, it is difficult for the district to compare to salary schedules with surrounding districts making our school a good place for training beginning teachers. Several of our teaching staff is made up of teachers who live in the area. We will see many of our more seasoned teachers leave. We currently have 25 teachers on staff, six paraprofessional staff, two secretaries, two custodians, one nurse, one counselor, and one administrator.

Staff Quality, Recruitment, and Retention Strengths

All our staff meets the Highly Qualified standards set by the NCLB. We provide local staff development for teachers, bring in quality trainers to assist in identified curricular areas, and also allow teachers to attend trainings they choose that will enhance their teaching practices and provide furthered engagement in the classroom. We depend on the Region XI Education Service Center for trainings we cannot provide and are members of the Math/Science fee service to provide unlimited opportunities for professional development within these content areas. Through the use of Title funds we have also sent our Reading teachers to trainings for best practices on teaching ELL students and how best to incorporate writing in their classroom. ESL Mini Academy for teachers to assist with obtaining ESL certification. Stronger first year teacher training and new teacher mentorship training may assist with new teachers feeling more comfortable in their new roles.

Staff Quality, Recruitment, and Retention Needs

The major area of concern in hiring at Brazos Elementary is the salary structure. Our budget does not allow us to pay the salaries at the level that many schools 50 miles in radius from us can. Therefore, we are constantly competing to recruit and retain teachers within our district. As more of our seasoned teachers retire, Brazos Elementary will have more open positions and possibly less interested parties to fill those vacancies.

Curriculum, Instruction, and Assessment:

Curriculum, Instruction, and Assessment Summary

Brazos Elementary has worked with the TEKS Resource System curriculum management system, which assists our teachers in providing a guaranteed and viable curriculum for every student. Our Elementary teachers have used the standard scope and sequence for our campus at every grade level and we can verify that all TEKS are being taught as seen in teacher lesson plans. We have found it difficult to follow the TEKS Resource System scope and sequence in Math and adopted StemScopes as our curriculum for Science, as well as Social Studies Weekly as our curriculum for Social Studies. Pre-Kindergarten uses the Frog Street curriculum. CBA tests are given as a summative test to gain an understanding of acquired knowledge within the TEK and are discussed at grade level meetings. Report cards are given out every 6 weeks in each grade. Pre-Kindergarten report cards are skill based report cards. RtI students are progress monitored through the STAAR Reading and Math Enterprise program from Renaissance Learning and in discussions in our grade level meetings. Students in the RtI program are serviced during computer lab time, in the mornings, and / or after school tutorials.

Curriculum, Instruction, and Assessment Strengths

During the six weeks curriculum meetings, Principal and teachers discuss classroom issues, testing, writing assignments and data are disaggregated to showcase student gains and or deficiencies in writing; CBA testing is reviewed to account for TEKS needing to be re-taught and / or spiraled through warm-ups in the classroom. Websites, gradebooks, RtI documentation are all checked for consistency and correctness.

Curriculum, Instruction, and Assessment Needs

Some of the needs for the curriculum area include the following identified needs:

1. Continuing to focus on writing and the structures of creating a cohesive paper.
2. Providing more rigorous instruction through the use of higher level questioning.
3. Differentiated instruction training and use in the classrooms.
4. Math spiral reviews

Family and Community Involvement:

Family and Community Involvement Summary

Parent involvement at Brazos Elementary during the school day has been difficult. Parents struggle with transportation due to the size of our district; work in areas closer to the city; and / or not have the time to contribute. After school events have the best turnouts dependent on the function. Grade level music programs; Santa Reading Night, and party days have the most attendance. Informational meetings or functions (i.e. Title I Meetings, etc.) are not as heavily attended. Tried a “Pie with the Principal” night to try and entice more participation for the annual Title 1 meeting and still had minimal turnout.

Family and Community Involvement Strengths

One of our strengths is the PALS program where our high school students are working in conjunction with our younger students. Brazos Elementary has had quite a few outside agencies assist us with donations of items for our students in need and / or have contributed monies to assist in attending field trips (Fulshear Methodist Church; Katy YMCA; PTE fundraisers, Simonton-Fulshear Lion’s Club and Cowboy Church have all assisted with accumulation of funds.) Each grade level has created an academic event involving the students and parents (4th grade Living History Wax Museum, 5th grade interdependency reader’s theater, 1st grade Reader’s Restaurant) and has seen great participation.

Family and Community Involvement Needs

Having more parents attend all school functions to gain furthered insight as to the “goings-on” of the campus and increasing community involvement on our campus.

School Context and Organization:

School Context and Organization Summary

Brazos Elementary provides instruction from 8:00-3:20 p.m. Monday - Friday. All grade levels have an assigned Rotation time and PE class. Music classes are taught by the two high school band teachers. Art is offered within the regular classroom. Art TEKS are addressed in the teacher lesson plans.

School Context and Organization Strengths

Brazos Elementary’s master schedule utilizes the major part of the day strictly for instruction.

School Context and Organization Needs

Continuing to revisit our master schedule in the year ahead to see how else we can maximize instructional time will be of benefit.

Technology:

Technology Summary

Brazos Elementary has made great gains with technology. Two more labs were fitted within the school building to allow students more access to intervention programs and Accelerated Reader. Internet connectivity is good and when needs arise, the district IT Coordinator and District Technology Integration persons are quick to help.

Technology Strengths

Brazos Elementary added a 59 laptops along with a computer carts for storing and charging the laptops. One lab was opened in the library and the other is located in our first grade wing of the building. We opened the lab last year as an additional computer lab. We now have a total of four computer labs. Brazos Elementary also has SmartBoards in grades 4 & 5 of the Science classrooms to assist with the Stemsopes instruction which contains many technology components. All monitors in the initial computer labs were changed to flat screens as an upgrade. There are 2 new class computers, an extra phone in the office for parent/teacher conferences. 11 Mimios were purchased to assist with technology in classrooms.

Technology Needs

We have a PA system phone currently at the front desk and in the Principal's office. In the event of an emergency, it may prove difficult to provide proper warning in a timely manner. Mounting of classroom projectors would also reduce breakage and "wear and tear" of purchased technology. Staff have also requested a color copier.

Improvement Plan Goals for:

Brazos Elementary

Goal 1:	<i>Increase student achievement of at-risk and non at-risk students, including limited English proficient, special education, and economically disadvantaged students.</i>
Goal 2:	<i>Recruit, develop and retain a highly qualified staff reflective of, and responsive to, the needs of the district's diverse student body.</i>
Goal 3:	<i>Maintain a safe and disciplined environment conducive to student learning and employee effectiveness.</i>
Goal 4:	<i>Ensure that students understand the importance of</i>

	<i>attending school and completing high school.</i>
Goal 5:	<i>Enhance communication between district, schools, parents and the community by encouraging parents and community members to actively support the schools.</i>
Goal 6:	<i>Use technology to enhance learning, communication and organization.</i>

Research-Based Curriculum & Instruction

Goal 1	<p>Increase student achievement of at-risk and non at-risk students, including limited English proficient, special education, and economically disadvantaged students.</p> <p>NCLB Goal 1: By 2013-2014, all students will reach high standards, at a minimum, attaining proficiency or better in reading/language arts and mathematics.</p> <p>NCLB Goal 3: All limited English proficient students will become proficient in English and reach high academic standards, at a minimum, attaining proficiency or better in reading and mathematics.</p>						
Performance Objective 1.1	<p>MATH ACADEMIC PERFORMANCE - At least 80% mastery of all students and student student groups (African American, Hispanic, White, Economically Disadvantaged, Special Education, English Language Learners and At Risk) and 30% advanced on the STAAR and EOC in Math in order to meet state accountability requirements and federal accountability guidelines as defined in No Child Left Behind.</p> <p>SMART GOAL: By May of 2017, students will have improved scores on STAAR, DRA, and end of year assessments from their Benchmarks by 9-11 % as a result of implementing consistent, planned, and monitored instructional programs.</p>						
Summative Evaluation	Use data from: (1) Brazos ISD STAAR/EOC Results 2011-2013 Level II and Level III; (2) Brazos ISD Commended Rates from 2007-2011 (3) SAT Scores by Year; and (4) ACT Scores by Year and (5) Federal AYP reports.
