Wallis, TX 77485

Dear Parent or Guardian,

The free & reduced lunch 30 day roll over grace period from last school year is about to expire on Oct. 3, 2018. If you have not turned in a free & reduced lunch application for the new school year, please do so before any interruptions occur in your child receiving free & reduced priced meals. Benefits will expire if an application isn't submitted by the above date. This will result in your child's status changing from free or reduced to full pay. You may contact your child's campus for a new school year application. If you received a letter from the Child Nutrition Department regarding predetermined eligibility, you do not need to submit an application.

Brazos ISD encourages all families that feel they may qualify to receive free & reduced benefits to fill out an application to ensure children are receiving healthy nutritious meals.

If you have any questions regarding the 30 day roll over grace period or assistance with an application, please contact Gina Matula, Director of Child Nutrition 979-478-6006 or email gmatula@brazosisd.net.

Sincerely,
Gina Matula
Brazos ISD Child Nutrition Director
