Principal: Clay Hudgins      Counselor: Katie Allison

Families,

This is Clay Hudgins, principal at Brazos Middle School, with an important message. Today, 11/6/20, BMS was notified that a student that has been a remote learner since August has tested positive for COVID-19. The student has not been on campus this school year. The district is still required to notify parents about positive cases even if they have not physically been on campus.

The individual will continue to self-isolate at home until the following three are met before they would be able to come to campus.

- The individual has not had a fever (temperature greater than 100.0 degrees) for 24 hours without the use of fever-reducing medications.
- Symptoms have improved (for example, cough and shortness of breath).
- At least 10 days have passed since the first symptoms appeared.

We will continue to closely monitor this situation and will provide additional information as needed. If you have any questions, please contact our school office at (979) 478-6814.

Sincerely,

Clay Hudgins  
Brazos Middle School Principal

Familias,

Soy Clay Hudgins, director de Brazos Middle School, con un mensaje importante. Hoy, 11/06/20, se notificó a BMS que un estudiante que ha sido un aprendiz remoto desde agosto dio positivo por COVID-19. El estudiante no ha estado en el campus este año escolar. El distrito todavía está obligado a notificar a los padres sobre los casos positivos incluso si no han estado físicamente en el campus.

El individuo continuará aislándose en casa hasta que se cumplan los siguientes tres antes de que pueda venir al campus.

- El individuo no ha tenido fiebre (temperatura superior a 100.0 grados) durante 24 horas sin el uso de medicamentos para reducir la fiebre.
- Los síntomas han mejorado (por ejemplo, tos y dificultad para respirar).
- Han pasado al menos 10 días desde que aparecieron los primeros síntomas.

Continuaremos monitoreando de cerca esta situación y brindaremos información adicional según sea necesario. Si tiene alguna pregunta, comuníquese con la oficina de nuestra escuela al (979) 478-6814.

Atentamente,

Clay Hudgins  
Director de la escuela secundaria Brazos
