

Week 3

August 28 – September 1, 2023

Monday	Thursday
<p>TEKS: 8.2A</p> <p>TLW: approximate the value of an irrational number, including pi and square roots of less than 225, and locate that rational number approximation on a number line; application of square roots</p>	<p>TEKS: 8.2D</p> <p>TLW: order a set of real numbers arising from mathematical & real world contexts</p> <p>Positive & negative real numbers</p>
Tuesday	Friday
<p>TEKS: 8.2D</p> <p>TLW: review converting real numbers to decimals; order a set of real numbers arising from mathematical & real world contexts</p> <p>Positive real numbers only</p>	<p>TEKS:</p> <p>TLW: Quiz 2 – Sets of real numbers, approximate square roots.</p> <p>Graded assignment 2 grades – quiz & retention</p>
Wednesday	Saturday
<p>TEKS: 8.2D</p> <p>TLW: order a set of real numbers arising from mathematical & real world contexts</p> <p>Positive real numbers only</p> <p>Graded assignment – ordering positive numbers WS</p>
