2. Narcan in Schools: Amy Sodolak reviewed the board policies for Brazos ISD and found the inclusion of administering an Opioid Antagonist Medication (Narcan) is included in the Local Policy FFAC. The next step is to add Narcan and administration to the standing orders and have Dr. Kannappan Krishnaswamy approve the orders for the 2023-2024 school year.
3. The Mobile Vaccine Services with Aurora Concepts provided vaccines to 2 sixth graders and 11 seniors. The online registration made it possible for the parents to sign consents and fill out the necessary forms more easily. The company also provided 15 staff members with vaccines and B12 and Lipo injections. The company has offered to come in the fall to offer flu vaccines to each campus.
4. No new agenda topics at this time for next year. Sarah Henderson asked how the new health curriculum, that was voted on by the SHAC committee, was perceived this year? Amy Sodolak will follow up with the teachers that taught the courses this year.
5. The first meeting for the new school year will be held in September 2023.
