

Each group is required to complete a Mole Day Project, we will be in groups of 2. The projects will be judged on creativity and explanation of the mole concept and how it is important to chemistry. Projects will be presented on Thursday, October 23, 2025 by 8:00 AM. The teacher will approve your project idea. Below is a list of project ideas that you may use, or you may think of something on your own. On the back, you will find a generic rubric that will be used to grade your project. In depth rubrics will be handed out next week. The project will count as 2 TEST grades, so GET TO WORK!

The theme for 2025 is Moleassic Park.

Project Ideas:

Mole Day Games

Write a Mole Day Song/Perform

Create a Mole-bile

Make a Mole Day Flag

Make a Mole day Pinata

Decorate a Teacher's Door

Bonus Points for this six weeks: You can make and wear a mole day shirt. The shirt must be worn all day and include the theme and important information.

General Rubric

Project Completed and Present (this will be the specifics of project type)	50 pts
Mole(Animal) with theme	10 pts
Mole(Number)	10 pts
Number related to Project	10 pts
Creativity	20 pts
