Teacher: Mrs. Prihoda

7TH Grade Science
3rd 6 Weeks – Week 1
November 4-8, 2024

Monday 11/4/24	Tuesday 11/5/24
Student Holiday Teach Staff Development	TEK: 7.7D "Newton's Law of Motion" **Objective:** I can analyze the effect of balanced and unbalanced forces on the state of motion of an object using Newton's First Law of Motion. **TLW:** -Warm Up - Day 1 and 2 "Newton's Laws" Grade -No Vocabulary this week -Review: "Newton's Law of Motion" Unit Assessment - Friday Grade

Wednesday 11/6/24	Thursday 11/7/24
TEK: 7.7D "Newton's Law of Motion" **Objective:** I can analyze the effect of balanced and unbalanced forces on the state of motion of an object using Newton's First Law of Motion. **TLW:** -Warm Up - Day 3 "Newton's Laws" Grade -Elaborate -Virtual Experience	TEK: 7.7D "Newton's Law of Motion" **Objective:** I can analyze the effect of balanced and unbalanced forces on the state of motion of an object using Newton's First Law of Motion. **TLW:** -Warm Up - Day 4 "Newton's Laws" Grade -Finish up any unfinished assignments -Blookit Review for Friday's test

Friday 11/8/24	
TEK: 6.7A "Forces on Objects" **Objective:** I can identify and explain how forces act on objects, including gravity, friction, magnetism, applied forces, and normal forces, using real-world applications **TLW:** -Warm Up - Day 5 "Forces" Grade -Unit Assessment "Forces on Object" - Grade
