

Teacher: Mrs. Prihoda

7TH Grade Science
3rd 6 Weeks – Week 5
December 9 - December 13, 2024

Monday 12/9/24	Tuesday 12/10/24
TEK:7.8C “Temperature and Kinetic Energy” Objective: -I can explain the relationship between temperature and the kinetic energy of the particles within a substance. TLW: -Warm Up - Day 1 – Grade Friday - No Voc. Quiz this week -Review For CBA #3 -Assessment will be on Wednesday 12/11 - Grade -Student Notebook and STEMscopeda	TEK:7.8C “Temperature and Kinetic Energy” Objective: -I can explain the relationship between temperature and the kinetic energy of the particles within a substance. TLW: -Warm Up - Day 2 – Grade Friday -Con’t: - Student Notebook and STEMscopeda
Wednesday 12/11/24	Thursday 12/12/24
TEK:7.8C “Temperature and Kinetic Energy” Objective: -I can explain the relationship between temperature and the kinetic energy of the particles within a substance. TLW: -Warm Up - Day 3 – Grade Friday -CBA #3	TEK:7.8C “Temperature and Kinetic Energy” Objective: -I can explain the relationship between temperature and the kinetic energy of the particles within a substance. TLW: -Warm Up - Day 4 – Grade Friday -Do corrections on CBA -Complete any assignments that are incomplete
Friday 12/13/24	
TEK:7.8C “Temperature and Kinetic Energy” Objective: -I can explain the relationship between temperature and the kinetic energy of the particles within a substance. TLW: -Warm Up - Day 5 – Grade Friday -Science Christmas Activity
