

Career Prep
Randice Nelson

Dec 9-13

M	Goal: To illustrate the importance of goals and decision-making as well as discussing methods for setting goals, achieving goals and making good decisions.	Objectives: 1. To explore goal-setting skills. 2. To examine ways of achieving goals. 3. To explain the importance of making good decisions. 4. To describe strategies for making good decisions. 5. To explain the benefits of seeking guidance from trusted adults.	Begin class by asking students what they hope to accomplish in the future. Do they have plans for how they will achieve their goals? Pass out the Plan for Life Vocabulary Handout for students to reference during the presentation. Show Plan for Life - Setting & Achieving Goals. Follow the segment with its Assessment. Distribute the Pros & Cons Project and allow the remainder of the class for students to work. Slides 1-20
T	Goal: To illustrate the importance of goals and decision-making as well as discussing methods for setting goals, achieving goals and making good decisions.	Objectives: 1. To explore goal-setting skills. 2. To examine ways of achieving goals. 3. To explain the importance of making good decisions. 4. To describe strategies for making good decisions. 5. To explain the benefits of seeking guidance from trusted adults.	Remind students to continue using the Vocabulary Handout. Show Plan for Life - Decision Making. Follow the segment with its Assessment. Lead a class discussion by asking students what decisions they think will be involved in reaching their goals. Assign the Trusted Adults Activity for homework. Slides 21-35
W			Quickly review the previous days' material. Administer the Plan for Life Final Assessment. Introduce the Goals Timeline Project and allow students the remainder of class to work on it.
TH			Have students complete and turn in the Pros & Cons Project and the Goals Timeline Project.
F			Catch up
