

Business & Statistics

Randice Nelson

Jan 13-17

Goal: To develop an understanding of postsecondary education options and the cost associated with each. Description: This presentation explores the cost and financing options which go along with attending a post-secondary education institute. Levels of education, educational aspects, funding options and repayment methods are described.			
M			Remind students to continue using the Vocabulary Handout as reference material. Show slides 44 to 66 of the Cost & Financing segment. Students should complete the Cost & Financing Assessment.
T			Follow the instructions on slide 67 of the PowerPoint® to view the Applying for Financial Aid video segment and on slide 68 to view the Budgeting for College & Student Loans video segment. Allow students the remainder of class to finish their Post-Secondary Budget Plan Project.
W			Guest Speaker
Th			Remind students to continue using the Vocabulary Handout as reference material. Show the Cost & Financing segment.
