

Algebra 1 – Syllabus

1st 6 Weeks:

- Variables and Expressions
- Order of Operations
- Properties
- One-Step, Two-Step and Multi-Step Equations

2nd 6 Weeks:

- Linear Equations and Functions
- Equations of Linear Functions

3rd 6 Weeks:

- Linear Inequalities
- Systems of Linear Equations and Inequalities

4th 6 Weeks:

- Exponents and Exponential Functions
- Quadratic Expressions and Equations

5th Weeks:

- Quadratic Functions and Equations
- Factoring

6th 6 Weeks:

- Exponential Functions
- STAAR/EOC Review
- EOC Exam
- Radical Functions and Equations
- Sequences
