

To all applicants:

On behalf of the Wayne Reber Foundation, I would like to thank you for your interest in our scholarship. I am sure that once you have looked over the qualifications, you will seem a bit overwhelmed with the application. By no means are we trying to be harsh, but give you some insight on how our parents raised us. Our dad instilled in us very high work values along with a good education. These ethics were expected of us on a daily basis along with our schooling. My brothers and I paid for our own college educations and worked at the same time to support ourselves. It is not that our parents didn't want to help financially, but couldn't. It is hard with one child in college these days, much less three. This is why we have established a scholarship in memory of our dad.

Please note and I cannot stress enough, scholarship will not be paid until successful completion of the first semester of college/technical school. You must then show proof of enrolling for the second semester and were in good academic standing for the first semester. Upon those requirements, the scholarship will be awarded. Lastly, we will award one (1) scholarship in the amount of \$1,000 to the most deserving recipient.

Should you have any questions, please email me or call at the contacts listed below. Again, we thank you for your interest in our dad's scholarship and wish you nothing but the best of luck in your life after graduation.

Sincerely,

Kimberly R. Vykukal
